How is PageGate Used/Customer Quote:

Medicine Made Easy distributes pagers to our clients and uses PageGate to program them with daily, repeating pages to remind them to take their medications in a timely fashion. Entering new clients with PageGate is simple, and it requires no daily maintenance after that. We can just enter the information and depend on PageGate to do the rest. Medicinal reminders are sent out on a regular basis to all patients

"PageGate, on top of being a well laid out and understandable program, has the best technical support I have ever dealt with."
